

A Resource Booklet for Pediatricians: ADOLESCENTS IN NEED

American Academy of Pediatrics
District II, Chapter 2
Committee on Youth and Adolescence

Dear Fellow Member of New York Chapter 2:

The American Academy of Pediatrics, District II, Chapter 2 Committee on Youth and Adolescence is pleased to bring you the second edition of the Adolescents In Need referral resource booklet.

The referral booklet has been an invaluable resource for pediatricians of Brooklyn, Queens, Nassau and Suffolk counties. However, over time there have been changes to community resources, with the addition of some new programs and other programs no longer being available.

The committee has spent much effort in reviewing the referral booklet and updating listings as appropriate. This updated booklet should provide you with current resources regarding some of the more typical, yet challenging, adolescent health issues, such as alcohol and substance abuse, pregnancy, emergency contraception, Gay and Lesbian youth, HIV/AIDS, smoking cessation and termination of pregnancy. Due to continuing unexpected changes of services within programs, please contact the listing prior to referring an adolescent to ensure that adolescent appropriate services are still being offered.

We have continued to try to ensure that the programs listed are suitable for adolescents. However, the committee does not endorse any particular program, nor is the guide meant to be all-inclusive. If you are aware of any other program that would be of benefit to adolescents, please feel free to provide us with the listing via the Chapter 2 Office (516 326-0310) or by e-mail (eweiselb@lij.edu). We welcome your input and suggestions.

We hope you find the guide useful for your practice.

Sincerely,

Eric C. Weiselberg, M.D – Chairman

Members (2005-2008):

Rachel Bergeson, MD
